

Policy on Restructuring of Stressed Assets under Resolution Framework – 2.0

Goyal Associates Limited (hereinafter referred to as “the Company” or “NBFC” or “Lender”) is a Public Limited Company incorporated under the provisions of the Companies Act, 1956 and registered as a non-deposit accepting Non-Banking Financial Company (“NBFC”) with the Reserve Bank of India (“RBI”).

The RBI on August 06, 2020, vide its circular no. RBI/2020-21/16 DOR. No. BP. BC/3/21.04.048/2020-21 has released guidelines for NBFCs on implementation of resolution framework for COVID-19 related stress (“Resolution Framework – 1.0”).

Earlier on June 7, 2019, the RBI had issued directions on Prudential Framework for Resolution of Stressed Assets commonly referred to as RBI (Prudential Framework for Resolution of Stressed Assets) Directions 2019 (“Prudential Framework”), which provides a principle-based resolution framework for addressing borrower defaults under a normal scenario.

However, the economic fallout on account of the COVID-19 pandemic has led to financial stress for borrowers nationwide and the resultant stress can potentially impact the long-term viability of many Companies, otherwise having a good track record, due to their debt burden becoming disproportionate relative to their cash flow generation abilities.

Considering the above, the RBI under Resolution Framework 1.0, provided a window under the Prudential Framework and enabled the lenders to provide a resolution framework to the eligible borrowers for repayment of their loan by way of restructuring the loan or extending the tenure for repayment of the debt.

The resurgence of Covid-19 pandemic in India in the recent weeks and the consequent containment measures to check the spread of the pandemic may impact the recovery process and create new uncertainties. With the objective of alleviating the potential stress to individual borrowers, RBI on May 05, 2021 vide its circular No. RBI/2021-22/31 DOR.STR.REC.11/21.04.048/2021-22 has released Resolution Framework – 2.0: Resolution of Covid-19 related stress of Individuals and Small Businesses. These set of measures are broadly in line with the contours of the Resolution Framework – 1.0, with suitable modifications.
